BIO-80 Small Room Ultraviolet Air Purifier

EFFECTIVE FILTER-LESS AIR PURIFICATION

Infants, children & work areas are so susceptible to bacteria and viruses, but you can lessen chances of infection and illness by keeping the environment as hygienic as possible. Along with illness, indoor environments can also contribute to the development of allergenic symptoms, and allergen avoidance in infancy substantially lowers the frequency of allergic manifestations. This system destroys Dust Mites, Mold, and Formaldehyde, Influenza, Bacteria, Pollen and over 50 other Hazardous Contaminants in small areas larger than 80 square feet.
